RE : Rehabilitation of Zamboanga Golf Course &
Beach Park's Seawall

DATE : October 18, 2021

With the onset of rainy season, means the occurrence of typhoons during this period. And due to the climate change, typhoons that come are usually devastating that causes damage to properties.

The Zamboanga Golf Course & Beach Park being adjacent to the sea was not spared from these calamities. The more than one-kilometer stretch of coastline, being protected by a seawall was severely damaged by these strong typhoons.

In this regard, request for the status and immediate implementation of its rehabilitation to prevent further damage to the seawall of the beach park.

Attached for reference are the memorandum from the Officer-In-Charge of the entity and pictures of the extent of damage.
