SUBJECT : REPORT ON THE OCULAR INSPECTION OF REDUCTO DE SAN PEDRO

DATE : May 21, 2021

Today, 21 May 2021, an ocular inspection of Reducto San de Pedro was conducted by Intramuros Administration Administrator, Atty. Guillen B. Asido together with Messrs. DJ Pontiga and Johann Ararao. Also present were Jose Ramon L. Ramos and Cresencio Pascual of Club Intramuros Golf Course.

During the inspection, Mr. Pascual and I took the opportunity to air to Atty. Asido our concerns regarding the rehab of the site particularly the construction of the bridge with railings. We received a positive and encouraging reaction from Atty. Asido. He agreed to our suggestion to construct a small bridge intersecting the original so that the players can cross to the other side. The bridge will be wide enough to accommodate a golf cart. He also told us that they will review the design of the railings this coming Monday and instructed the contractor to put the placement of the railings on hold.

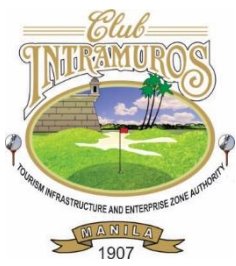

As for the Reducto de San Pedro, they are still deciding whether to make it an events place or have it rented. So the bridge being constructed will not be used by visitors for a while.

For your information and reference, Sir.
