Implementation of the TIEZA Joint Venture Guidelines	• Public-private cooperation continues to be a strategy for government to deliver services efficiently and to earn revenues by tapping the capital and expertise of the private sector. • From April to June, the JVSC and its TWG have been reviewing and revising its competitive selection documents, with the assistance of the Public-Private Partnership Center (PPPC). Revised documents will be released by July. • Reviewed the Letters of Intent received from various companies interested in TIEZA Assets and TEZ Projects and forwarded the list to the PPPC for assessment on possible joint venture through unsolicited proposal as provided in TIEZA's JV Guidelines. Objectives: • To encourage participation of private entities possessing expertise and technical capabilities in property, facility, and project development, and in operations and management, to enter into Joint Venture Agreements (JVAs) with TIEZA. • To maximize the utilization of TIEZA assets, while contributing to national tourism goals through gainful and advantageous business arrangements and well-constructed tourism infrastructures, and • To make TIEZA's partnership with the private sector a viable, efficient, and practical alternative in pursuing its mandate and development goals.	Continuous Collaboration with the Public-Private Partnership Center (PPPC) Objective: Develop a pipeline of projects in various stages of implementation which are compliant with standards and safeguards established to ensure inclusiveness and sustainability	Private Sector Public Private Partnership Center (PPP Center) PPPC assist TIEZA in the areas of Policy, Capacity and Project Development	4 properties identified for Business Case application	Increase from 1	Investors' interest from market sounding, infrastructure almost finished and ready for operations
