Dear Administrator Asido,

Thank you for your letter dated 31 May 2021, which was referred to the undersigned for action. The submitted **revised design** of the bridge railing of *Reducto de San Pedro* which crosses hole no.4 of the Club Intramuros Golf Course was reviewed and discussed.

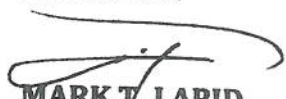

The revised design on the (1). lower new *chain* railings, and (2). the small cross bridge which allows players and the golf carts (*cart width with allowance*) access to cross the bridge, was reviewed by AESS ACOO Nestor M. Domalanta, and discussed with the CIGC manager and staff, in which they have no objection to the new design.

We are therefore allowing the contractor to access the site and resume their work subject to coordination with the CIGC management.

Sincerely,

JETRONICOLAS F. LOZADA
