## 2. Data needed (Legal Purposes)

1. Zoning plans or laws in the targeted tourist sites
2. Municipal and provincial ordinances or laws governing tourism in the target sites

## 3. Data needed (Electrical Query)

1. Availability of Power Distribution within the area
2. How far from the vicinity area is the distribution line?
3. Is the capacity of existing available power enough to cover the proposed project?
4. Voltage level of power supply of distribution system
5. Three-phase or single phase available
6. Local office of utility company in the area
7. Cost per kw/hr in the area

In view of the tight timeliness of this study, we hope for your soonest positive reply on the matter.

Many thanks.

Very truly yours.

  
**ROBERTO S. TENCHAVEZ**  
 President
