MEMORANDUM

FOR : The Officer-in-Charge
Construction Management Department

THRU : Office of the ACOO, AESS

FROM : The Manager
Corporate Planning Department

SUBJECT: Boracay Water Drainage Project (Phase II)

DATE : 2 February 2021

This is to refer for appropriate action the letter, received via email, of NEDA-Region VI OIC-Regional Director Meylene C. Rosales dated 1 February 2021 relative to the joint project validation visit on the Boracay Water Drainage Project (Phase II) conducted last 28 January 2021.

Kindly note also that the Office of the COO has already issued acknowledgement receipt of said letter.

Kindly draft the necessary reply letter for signature of COO Mark T. Lapid.

Thank you.

FRANCIS RANDY J. HORTELANO

PMED-2021-02-003

February 1, 2021

MR. MARK T. LAPID

Chief Operating Officer

Tourism Infrastructure Enterprise Zone Authority (TIEZA)

7/F, Tower 1, Double Dragon Plaza

Macapagal Avenue corner EDSA Extension

Bay Area, Pasay City

Dear **COO Lapid**:

This pertains to the joint project validation visit of the TIEZA's P1.05 billion-Boracay Water Drainage Project, Phase II, Contract Packages 1, 2, 3, 4, 5, and 1-A in Malay, Aklan conducted by the technical representatives of NEDA VI, DPWH VI (Boracay Action Plan Thematic 4.a Lead Agency), and the Boracay Inter-Agency Rehabilitation Management Group last January 28, 2021.

During the project briefing given by Assistant Project Engineer David Tapispisan, we are pleased to note that *Contract Packages 1 and 2* were already completed, while *Contract Packages 3, 4, 5, and 1-A* are still on-going and will be completed before the end of CY2021.

Here are our recommendations for consideration and appropriate action by your good office:

1. TIEZA to issue a variation order that will provide budgetary allocation for the site development/landscaping of the area in front of Pumping Station 3 in Bolabog as shown below:

2. TIEZA to include in the proposed variation order the provision of TIEZA Office and service vehicle considering that drainage network infrastructure and pumping stations will remain under the ownership of TIEZA upon project completion.

TIEZA's Temporary Office at Pumping Station 1 is not ideal considering the loud noise and strong vibration that will be generated every time the pumping station is turned on during heavy rain/stormy weather conditions.

We will appreciate receiving feedback on the above concerns. Kindly send it thru telefax number (033) 337-6840 local 801 or email us nro6@neda.gov.ph. Thank you.

Sincerely,

MEYLENE C. ROSALES
OIC-Regional Director
